More about us

Initiatives of Change (IofC) is a world-wide community of people of diverse cultures and backgrounds, who are committed to the transformation of society through changes in human motives and behavior, starting with their own.

IofC believes in personal change as a catalyst for societal transformation.

Through the Annual Lecture and Trustbuilding Awards, we aim to recognize and encourage those working tirelessly to create a better world, as well as to attract sponsors, funders and partners, thus contributing to the sustainability of IofC and our global trustbuilding work.

Building Trust Is Needed Today More Than Ever

For decades, Initiatives of Change (IofC) has championed trustbuilding across divided communities worldwide. In 2019, we launched a UN award-winning Trustbuilding Program, now active in 15 countries.

Since 2023, our Annual Lecture and Trustbuilding Awards is a key opportunity for leading peacebuilders, changemakers and activists to network, get inspired and celebrate their achievements.

The Awards showcase personal stories of change and successful trustbuilding models, providing valuable examples and inspiration for others seeking to address conflict, inequality or social fragmentation.

Previous award recipients have spanned the globe, working in the Lebanese education system to address religious divides; building peace and participatory democracy in Africa's Great Lakes region; and raising women's voices in Myanmar communities.

Winners and event participants gain greater visibility, which can attract more support, funding and collaboration opportunities for their initiatives.

Your Opportunity to Make a Difference!

We seek to forge impactful and sustainable partnerships with individuals and organizations, whose values align with our own. Our wish is to offer our sponsors a powerful opportunity for maximizing return on investment, while we expand the impact and reach of our trustbuilding work.

We invite you to join this inspiring initiative by helping our global network bring more recognition and support to individuals and organizations who bridge divides, rebuild trust and develop inclusive societies.

Let's join forces and contribute together to a more connected, peaceful and cooperative world.

The Trustbuilding Highlight of the Year!

The Annual Lecture

The lecture accompanying the awards ceremony is a thought-provoking keynote address by a high-profile speaker in the field of trustbuilding, peacebuilding or social change.

In 2024, the Annual lecture was given by Professor Rajmohan Gandhi — a historian, journalist, former MP and grandson of Mahatma Gandhi. A moderated Q&A session follows, allowing attendees to engage with the speaker and explore key themes in greater depth.

Musical or artistic performances are part of the event, highlighting cultural themes of unity and reconciliation. The event concludes with a networking session, allowing attendees to connect and collaborate on future trustbuilding initiatives.

The Awards

The inaugural Awards ceremony took place in Caux, Switzerland in 2023. The [second Awards ceremony](#) and Lecture was hosted in September 2024 with a global audience who gathered in person in Richmond, Virginia, United States.
