Cultivating Cultures of Compassion, Conscience, and Community Contradicting Cultures of Contempt, Corruption, and Conflict

**Around the world cultures are increasingly marked by contempt;
corruption destroys trust; violent conflict is normalised.**

**In this gathering we will explore the alternative cultures we all long
for and share the skills required for their cultivation – preparing the
ground of compassion, fertilising with conscience, encouraging the
bio-diversity of community. Using this imagery in conversations and
workshops, in plenaries and practice, we will water our relationships,
grow our personal integrity and reap resilience, as we commit to
peace creating for the years ahead.**

We invite you to join us for the **35** *Years* *of*
